

The Refior News Bulletin

Paul, Pam, Nikki & Laura

April 1, 1987

Our great God and Father continues to bless the Refior's abundantly! Nikki and Laura are on their spring break this week. Pam, Nikki and Laura just returned from Cedarville College in Ohio where Nikki had a college visit. Nikki received her college board test scores and they were very high. Although she is a junior we would like to complete the process of selection of a college and acceptance to that college as soon as possible. Nikki received her first scholarship and that was very exciting. This coming Friday Nikki will visit Purdue University and the Navigator Bible study Friday night. Last weekend Pam and I went to Indianapolis for a "honeymoon" and we had a marvelous time.

In less than two weeks Warsaw Community High school will put on the play "Bye, Bye Birdie." Nikki is a member of the cast and we are looking forward to attending all performances. Laura is excelling in her gymnastic lessons. She is having a great time at that.

Later this month the Olympians of Pleasant View Bible Church will put on a children's musical "Kid's Praise! 5." We are running behind in our preparation so we will be scrambling to get that all done.

I am a very avid Iowa Hawkeye's fan. Although I wish that each team would have won the national championship I am excited about the fact that both the men's basketball team and the women's basketball team made it to the final eight in the NCAA tournament and that the wrestling team finished second in the NCAA tournament. Because we live here in Indiana we have had a great deal of fun also being Indiana University fans. With Iowa out of the tournament we enjoyed cheering for the Hoosiers who came away with the National Championship in that tense final basketball game.

Brian Weiss, the gentlemen who will be joining my law office, will move to Warsaw on April 29th. The remodeling to the office is nearing completion.

Sincerely,

Paul D. Refior, for Pam, Nikki and Laura
